3. **Committee Updates**
 - SE CHW Network Summit Recap (Mike Young)
 - The SE CHW Network Summit hosted in Birmingham, AL was a monumental success!
 - We kicked off the summit with a reception at the Birmingham Civil Rights Institute! Commissioner Tyson gave the welcome and recognized the importance of the work CHWs are doing. This was a powerful way to learn about the rich civil rights history of the area and appreciate how far we have come, but also how much work we still have to do!

- Over 130 attendees were present, which was the capacity for our venue.
 - Our keynote speaker was Floribella Redondo-Martinez, a longstanding and well renowned CHW with over 30 years of experience as a leader in this field in addition to being the President of the Arizona Community Health Workers Association.
 - We had two unique and innovative breakout sessions composed of seven different areas with a total of over 25 speakers.
 - We were also able to offer Continuing Education Credits to those who participated to ensure the conference contributed toward individual certifications and professional development.
 - **Need your CEU certificates?** Please forward your completed evaluation emails to rsolon@mailbox.sc.edu and you will receive your certificates in 7-10 business days.
 - Public Inc., hired by J&J, provided headshots and captured video and photo footage of the event. We heard from numerous participants that they had never had the opportunity to have a professional headshot taken. Additionally, many CHW leaders were ecstatic to have their voices heard during the various interviews that took place, which brought visibility to the important work being done by CHWs.
 - This event is “for us by us” so if you are interested in serving on the SE CHW Network Summit Planning Committee, please drop your name and email in the chat or email rsolon@mailbox.sc.edu.
 - Wilma Moore, Letricia Mobley, Tajuana Barnes, Shanteny Jackson, Amber Mullen, Ada Webb, Mike Diaz, Anne Sanderson, Erin Caple, Kelssy Ambrosio.
- o SE CHW Network Members Event Experiences:
- Dr. Dunn – The food was really good! The energy was wonderful! I personally was able to meet people that I had only met over zoom. The information share was absolutely wonderful. My suggestion would be to have more time and more information. It was well organized, fun, and informative!
 - Amber – I had a blast! Loved networking! What really inspired me was the young man giving the tour at the Birmingham Civil Rights Insituite. With all the things going on the youth today – he was so inspiring, knowledgeable, and passionate!
 - Ada – Had such a blessed meeting! The energy in the room, Zumba, and being able to connect with everybody! It really just feels like a wonderful family within our own family of CHWs. Having those different informational sessions were so helpful!

Please note: we decided to divide the group in two and ask states to give updates every other month because of time and frequency of meetings. Please try to keep updates to 2-3 minutes

- Arkansas (Judy Pile: Executive Director) –
 - Certification work is taking place, we have a stakeholder advisory committee from across the state. With their guidance and recommendations, we created a certification commission. AR offers two different tracks: experiential and traditional training track. About 20 certified CHWs in the state so far!
 - Will be holding a two-day CHW summit in Little Rock on April 26th & 27th – the theme is building Healthier Communities. Everyone is welcome!
 - We have also launched a new [website](#) and [linkedin page](#)!
